

**CLASS OF 2020 AND Beyond COGNITIVE SCIENCE
Major Requirement worksheet**

Name: _____

Net ID: _____

Please fill in term and, if necessary, course number

A. PREREQUISITES:

_____ COGS 1: Introduction to Cognitive Science

_____ A 10-level statistics course (PSYC 10; ECON 10; GOV 10 or equivalent)

B. CORE COURSES:

_____ Linguistics 1

_____ Computer Science 1

_____ Philosophy 10/COGS 11 (Phil of Cognitive Science)

_____ Psychology 28 (Cognition)

C. LABORATORY REQUIREMENT:

_____ (PSYC 11 or other course with laboratory by approval; courses in a number of departments could fulfill this requirement)

D. ADVANCED RESEARCH:

_____ **Junior seminar** in Cognitive Science, COGS 80. Majors must take this at least once in their Dartmouth career.

AND:

_____ **Culminating activity.** Either:

- a) senior Honors thesis (Cognitive Science 86, 87).
- b) a one or two term independent study project (Cognitive Science 85)
- c) Completing a *second* term of the COGS 80, with an advanced term paper.

E. THE FOCUS AREA:

Each COGS major will have to satisfy four courses in a focus area. Courses must be drawn from *at least 2* departments. Note: Focus area proposals **must** be approved by the advisor and the chair of the Cognitive Science steering committee.

	Course number	Course Name	Prereq	Term offered
